

“What color proton pack would you want to have?”

“There’s not a whole lot to color here, is there?”

# KNOW YOUR GHOST CLASSIFICATION SYSTEM!

## CLASS I

These are undeveloped forms, insubstantial and difficult to see. Interaction with their environment is limited and enigmatic.

## CLASS II

Manifestations focused in this time and space that can physically manipulate things in this world. These forms are vague, inconsistent, or incomplete.

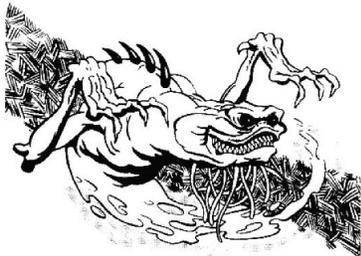

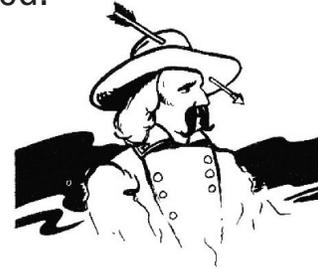

## CLASS III

Anonymous Hauntings. Distinct human form and personality is evident, but former identity as a living being is not established.

## CLASS IV

Identity is established. They have a distinct human form and personality with known identity.

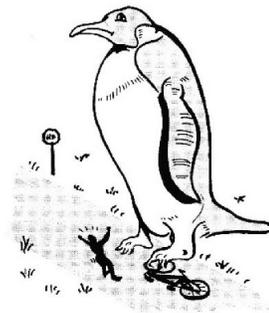

## CLASS V

Ectoplasmic manifestations of definite but non-human form.

## CLASS VI

Ghosts from lower life forms (I.E., plants and animals).

## CLASS VII

Metaspectres. Obsessively malevolent, exceptionally powerful, and exhibiting control over subordinate forms, such entities are potentially very dangerous.
